## Storz Hydrant Converter "Saves Time, Saves Lives"

Large Diameter Hose with Storz connections have quickly become a fire industry standard. The conversion of existing threaded fire hydrants to quick quarter turn Storz connections is becoming one of the first steps that communities are taking in a quest toward, quicker response time and interoperability.

Kochek, the United States leader in Storz connections is proud to offer you our line of Storz Hydrant Converters.

**ONE INSTALLATION PROVIDES THOUSANDS OF QUICK, LIFE SAVING CONNECTIONS!**

### Installation Steps:

1. Remove the existing Hydrant Cap
2. Thread our quality forged Storz Connector, & tighten the set screws
3. Install the Cap and Cable

### Connection Steps:

1. Remove the Storz Cap with a simple quarter turn
  2. Attach the hose with a quick quarter turn
- OPTIONAL:** Hydrant Nut Cap (Shown)

Now one wrench can open and close the Hydrant as well as **REMOVE** the cap!
