Standard Pellet IRBWPS-PD1

- Addresses and minimizes the causes of heat wilt and stress in your turf.
- Contains a proprietary blend of surfactants and wetting agents.
- Use this pellet in one of the Kochek applicators as part of your normal turfgrass maintenance activities.

Kelp Extract IRBWPS-PD3

- Complete turf enhancement system in pellet form.
- A time saver providing a valuable double benefit; the nutrients to support a healthy robust root system and the application of a wetting agent.
- Achieves a synergy of effectiveness unmatched by other products.
